

Product Description

AT10 is a Lead-Free Heavy Duty PVC flame retardant/ auto-extinguishing Pipe Wrap Tape

Product Features

- A lead-free high grade polymeric PPVC backing, 250 Micron Gauge
- High performance cross-linked solvent based rubber resin adhesive
- Good thermal stability to 80° C
- Special corrosion-resistant rubber adhesive system
- Auto-extinguishing
- Colour range— Black (Yellow ex overseas, firm order)
- Custom slit to order in widths 6mm to 1,350mm x 33 Metres

Benefits

- ✓ Highly flexible and conformable polymeric PPVC backing providing excellent scuff and abrasion resistance, 220% elongation at break
- ✓ Tough, hard-wearing and durable with a proven track record
- ✓ Good UV and water resistance
- ✓ Auto extinguishing
- ✓ Non corrosive and long lasting adhesive system
- ✓ RoHS compliant & conforms to BS EN 60454 Type 2

Key Markets

- Building & Construction
- Pipe laying, mining and resources
- Agriculture
- Welding and plating

Applications

- Pipe protection as an over-wrap to protect pipes from mechanical damage and corrosion, particularly for underground pipes
- Separation and isolation of dissimilar metals to prevent electrolysis and galvanic action, particularly in the roofing industry for use on purlins
- Heavy duty permanent protection tape on a range of surfaces
- Welding as a mask to prevent splatter
- Eyelet reinforcing in tarpaulins
- Kick-strip on appliances to prevent scuff and abrasion

DISCLAIMER:

Values: All values presented have been determined by standard test methods and are average values only.

Recommendations: Whilst we are happy to recommend products from our range for applications, it is imperative that the customer/user complete their own tests to determine suitability for their application under "working conditions" and if longevity is important, that ageing tests be carried out.

Warranty: We can only warranty our products to the level that they are consistent with our Product Information Sheet values

BUT CANNOT accept any responsibility or liability direct or consequential for loss or damage caused as a result of our recommendations.
