

Product Description

AT205 is a Matt Black Lacquered Aluminium Foil with an Emulsion Acrylic adhesive system on a siliconized paper release liner

Product Features

- A Matt non-reflective black finish
- A hand-tearable aluminium backing on a release liner
- A high thermal range to 150°C permanent
- Easy unwind and tear, in both directions
- A natural rubber adhesive with high cohesive strength but medium adhesion offering excellent clean-remove characteristics
- Available in: Black, White, Grey, Brown, Beige, Red, Yellow, Green & Blue

Benefits

- ✓ Low reflectivity due to the matt surface providing an aesthetic finish
- ✓ Flame retardant in situ and self-extinguishing
- ✓ Easily hand torn
- ✓ Water resistant in situ
- ✓ Highly conformable to complex and irregular surfaces

Key Markets

- For use in Film & TV industry to stop light leakage from floor cans, projectors, barn doors and other light sources
- Sealing and repairing of camera bellows
- Masking out and stopping glare off reflective surfaces e.g. chrome bull bars
- Concealment of gaps and aesthetic block-out applications
