

Product Description

E3950 is a conformable aluminium backed Anti-Slip Tape with rounded glass beads and a solvent acrylic adhesive system supplied on a clear filmic release liner.

Product Features

- A thin and conformable aluminium backing
- Rounded glass beads at 60 pieces per square centimetre giving a P5 Slip Rating
- Available in Black, White or Vivid Yellow
- Solvent acrylic adhesive system and clear filmic release liner
- Cut to widths down to 20mm in 20 Metre length and also available in a retail 5 Metre Pack 50mm wide in Black or Yellow

Benefits

- ✓ The aluminium backing means that the product is highly conformable even to highly textured surfaces like Checker Plate (best applied with a rubber mallet)
- ✓ Suitable for outdoor use as the aluminium naturally conforms to surfaces
- ✓ Rounded glass beads provide excellent grip for both soled footwear and bare feet or hands. Does not abrade and damage clothing as with grit tapes
- ✓ Rounded glass beads mean that surface can be kept clean unlike grit finishes
- ✓ Can be digitally printed to create floor graphics (White) and also Occ. Health & Safety signage and Social Distancing (White or Yellow)
