

### Product Description

**K160** is a co-extruded cloth tape with a matte finish and a natural rubber adhesive system.

### Product Features

- A high thread count rayon cloth with a co-extruded PE backing
- A very smooth, matte low reflective finish
- Medium coat weight of adhesive
- Easy unwind and tear, in both directions
- A natural rubber adhesive with high cohesive strength but medium adhesion offering excellent clean-remove characteristics
- Available in: Black, White, Grey, Brown, Beige, Red, Yellow, Green & Blue

### Benefits

- ✓ Low reflectivity due to the matt surface providing an aesthetic finish
- ✓ Excellent clean-remove characteristics from most surfaces due to the high thread count giving a good keying surface for adhesive
- ✓ Easily hand torn for easy use both laterally and longitudinally
- ✓ The matte finish means it is less prone than gloss tapes for grabbing on synthetic soles of shoes, so less of a trip hazard
- ✓ Can be written on with a Texta pen

### Key Markets

- Bookbinding and spine reinforcing
- Exhibitions and event management , particularly for carpet edging to prevent trip hazard
- Patching, splicing and reinforcing of coated woven fabrics
- Brown—For masking to obscure lines on multi-use sports courts during tournaments
- As a masking cloth for protection and easy stripping

### Applications
