

### Product Description

**K220** is a high grade Japanese tape. It consists of an ultra thin, flat, dense paper backing coated with a solvent rubber adhesive system.

### Product Features

- Ultra thin, so sits flat on surfaces
- Very strong, so strips without breaking
- Available in 10 Different Colours: Black, White, Red, Pink, Orange, Yellow, Green, Light Blue, Dark Blue & Violet
- Only available in 24mm x 55m rolls
- Note: This grade is not designed as a masking medium

### Benefits

- ✓ Wide range of colours for marking, tabbing, colour coding, identifying
- ✓ Hand-tearable but excellent tensile strength
- ✓ Can be written on with Texta Pen
- ✓ Good clean-remove from stable surfaces (not designed for UV exposure outdoors)

### Key Markets

- Film, TV and Theatre industries as a Spike Tape to mark the positioning of actors or props
- All industries for colour coding, identification and marking
- Schools for art & craft and scrap booking
- Pallet racking

### Applications

#### DISCLAIMER:

**Values:** All values presented have been determined by standard test methods and are average values only.

**Recommendations:** Whilst we are happy to recommend products from our range for applications, it is imperative that the customer/user complete their own tests to determine suitability for their application under "working conditions" and if longevity is important, that ageing tests be carried out.

**Warranty:** We can only warranty our products to the level that they are consistent with our Product Information Sheet values

**BUT CANNOT accept any responsibility or liability direct or consequential for loss or damage caused as a result of our recommendations.**
